FPG150M

CE Model

REX INDUSTRIES CO., LTD.

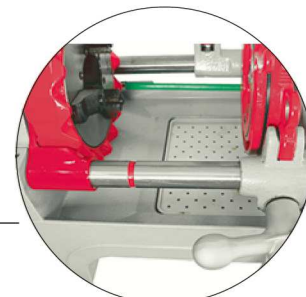

Adjust ring

Take up any slack between the main shaft and the shaft bearing to keep the pipe steady.

Die-cast body

Stronger than previous model and with a more luxurious touch.

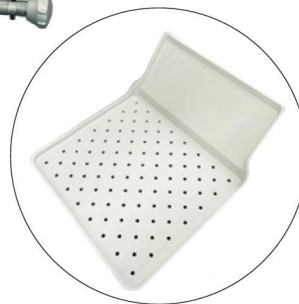

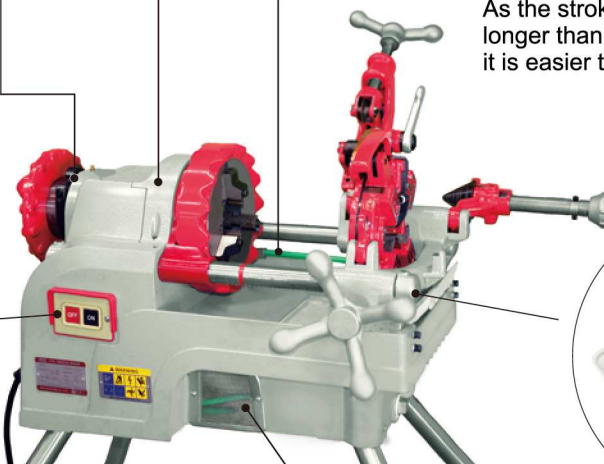

Wider space

As the stroke is about 25mm longer than the previous model, it is easier to work with.

Push button switch (non-CE)

Improve durability and operability of the switch

Scrap receiver

Designed to reduce scraps getting entangled.

Cam switch (CE) & Foot switch

Improve durability and operability of the switch

Carbon brushes

Can be replaced through the windows on both sides of the main body.
